Product Change Notification (PCN): Apalis T30 EOL

Date of publication: 16 Dec 2022

Table of Contents

1. Affected Product Numbers

End of Life Product		Replacement Product
Part Number	Product Name	
00251101	Apalis T30 2GB V1.1B	The Apalis T30 product group will be discontinued (EOL). For a direct replacement, Toradex recommends the Apalis iMX6, Apalis iMX8 product groups or a transition to the Verdin family.
00261101	Apalis T30 1GB V1.1B	
00311101	Apalis T30 1GB IT V1.1B	

2. Product Phase-out Schedule

End of Life Product	
Part Number	Estimated Schedule
00251101	LTB (Last Time Buy): 2023-06-16
00261101	non-cancellable and non-returnable, subject to availability of key components
00311101	LTS (Last Time Ship): 2025-01-16

3. Discontinuation Details

Discontinuation and non-availability of key components force us to discontinue the Apalis T30 product group. The main reason is the discontinuation of the NVIDIA Tegra 3 SoCs (T30MQS-P-A3 and T30IQS-CP-A3), which was announced by Nvidia at the end of November 2022.

4. Replacement

Toradex recommends transitioning to a product of the Apalis iMX6, or Apalis iMX8 product group or migrating to the Verdin family. Changing to the Apalis iMX6, or Apalis iMX8 product group may require less effort due to the compatible pinout of the Apalis standard pins. Note, there is type-specific functionality that is not compatible between the Apalis T30 and other Apalis product groups. Please check the migration options for your specific use case in detail. To help customers in the transition we published a migration guide and recommendations on our developer website. Toradex is committed to supporting you in case of any questions.
