## 1. Affected Product Numbers

---

End of Life Product		Replacement Product
Part Number	Product Name	
00231106	Colibri T30 1GB V1.1G	The Colibri T30 product group will be discontinued (EOL). For a direct replacement, Toradex recommends the <a href="#">Colibri iMX6</a> , <a href="#">Colibri iMX8X</a> product groups or a transition to the <a href="#">Verdin</a> family.
00301101	Colibri T30 1GB IT V1.1B	

## 2. Product Phase-out Schedule

---

End of Life Product	
Part Number	Estimated Schedule
00231106	LTB (Last Time Buy): 2023-06-15
00301101	non-cancellable and non-returnable, subject to availability of key components  LTS (Last Time Ship): 2025-01-15

## 3. Discontinuation Details

---

Discontinuation and non-availability of key components force us to discontinue the Colibri T30 product group. The main reason is the discontinuation of the NVIDIA Tegra 3 SoCs (T30MQS-P-A3 and T30IQS-CP-A3), which was announced by Nvidia at the end of November 2022.

## 4. Replacement

---

Toradex recommends transitioning to a product of the [Colibri iMX6](#), or [Colibri iMX8X](#) product group or migrating to the [Verdin](#) family. Changing to the [Colibri iMX6](#), or [Colibri iMX8X](#) product group may require less effort due to the compatible pinout of the Colibri standard pins. Note, there is type-specific functionality that is not compatible between the Colibri T30 and other Colibri product groups. Please check the migration options for your specific use case in detail. To help customers in the transition we published a [migration guide and recommendations](#) on our developer website. Toradex is committed to supporting you in case of any questions.

## 5. Contact

---

- Please contact Toradex if you have any questions.
